

EXQUISITE SERIES

Beyond Imagination

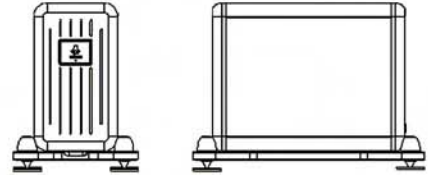

EXQUISITE MP350 AMPLIFIER

The new Exquisite amplifier is something really special and completely worthy of name Exquisite. With 300 watt at 8 ohms and much more at lower impedances this power amp is capable of any load.

It does not sound like solid state, nor like tubes, nor like anything else; is in its own class. If it would have to be placed in a class it would be the one of reality. In combination with any Exquisite loudspeaker the MP350 is a guarantee for experiencing sheer joy.

Technical Specifications

Type	EXQ MP 350
System	Mono Power Amp
	Pulse Control amplifier using entirely discrete transistors and FETs
Power (W)	350 at 8 Ohm
	600 at 4 Ohm
	1200 at 2 Ohm
Input sensitivity at maximum power (V)	1,2
Input current at 1/8 rated power (mA)	160 at 230V
	320 at 115V
Fuse	5x20mm; 3,15mA
	250V AC; time lag T
Frequency range (Hz)	0-50k (+0dB, -3dB) *
THD(%)	<0.02
TMD(%)	<0.02
Input impedance (ohm)	220k
SNR (dB)	>110
Connection	spades

* Completely independent from load impedance like a good zero-feedback amplifier

Dimensions	
Height without spikes (cm)	316
Depth (cm)	495
Width (cm)	267
Weight per piece (kg)	50

Finishes	
The Exquisite MP 350 is available in any desired color. Standard finish is Piano Black with Walnut Wood.
